

Subject: Recommendation for Igor Kogan

To whom it may concern.

It is my pleasure to recommend Igor Kogan for your production as a sound mixer.

My name is Paul Cuoco and I'm a producer and director of short films, webisodes, commercials, and branded content for clients like *Volkswagen* and *Famous Footwear* among others. I'm also a producer, and Technical Manager for themed entertainment projects where I oversee the design, deployment, and media integration of large scale complex projection and audio systems for demanding clients like Universal Studios, Warner Bros., ILM, Weta, and Illumination Entertainment. My credits include *The Wizarding World of Harry Potter*, *Minions Mayhem*, *Transformers The Ride: 3D*, and *King Kong 360:3D*.

I have known Igor for past two years, during which time he worked as location sound mixer and audio editor on my film "Unstately". I have been consistently impressed with Igor's professional attitude on set and ability to solve problems and suggest solutions for capturing best possible sound and clean dialogue from the actors. He is very responsible and organized, easy to communicate with and always brings positive attitude to the whole team. After each shoot day, he always made sure all the audio material is backed up and organized which made it easy to synch and saved time on post production.

Further, he worked as audio editor and mixer at post production stage of the film. Igor has always been effective in his technical work as well as in creative solutions for the project sound needs, always listening to director requests and offering best solution in short time manner.

I recommend Igor Kogan without reservation. I am confident that he will establish productive relationships with your staff. Please let me know if you have need for additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Cuoco', with a long, sweeping horizontal line extending to the right.

Paul Cuoco
